

Wilmslow Lacrosse Club Match Report

Date	27 th February 2010
Venue	Timperley
Playing	Timperley 'A' vs Wilmslow U14
Report	<p>What a match! After having been trounced by Timperley A in our 2 previous matches nobody was expecting Wilmslow to come out and give their best performance of the season (so far). Better passing, movement and defence (and we even had enough players for a sub). We just need to have a little more awareness about being caught offside. Another positive was that we didn't have a bad quarter, only losing the 4th quarter. Well done to the whole team... you'll have to play this way every week now! A big thank you from the team to Jason for stepping in to coach.</p>
